Family Camp is great opportunity for any family looking for a week long vacation. Families love the comfortable camp atmosphere that has something for everyone. Nothing beats spending time as a family in the outdoors enjoying nature, making new friends, and trying the various camp activities. Since meals are also included in the cost, one could consider Family Camp an all inclusive vacation!

In addition to all the usual camp activities, Camp offers age group programming several times a day for the kids and at night for the adults. Campers are encouraged to attend the age groups activities but attendance isn't mandatory. Even adults with young children can attend the night activities as families can hire a camp staff babysitter.

At Family Camp, each family has their own "cabent." Many families turn their cabent into a home by including carpeting, chairs, and card tables. Bathrooms are within easy walking distance to each cabent with separate male and female facilities. Family style meals are served in our new Dining Hall.

Dates for Family Camp 2012

Week 1 August 5 - 11

Week 2 August 12 - 18
